

# “Bee” Like Jesus Activity

**Instructions:** Print and cut out the pictures on this and the following page (make sure you have enough bees for one per student). Write on each bee different situations from daily living that would apply to the students (For example: a friend wants them to tell a lie). Then, laminate the bees. Put them in a cardboard box. Place the cut out picture of the hive on the front of the box. Let each student take out one bee so that you can read the situation to them. Ask them what should “bee” their attitude in each situation.
